## Looking Forward

### MISSION

We are the community that protects people, property and the environment.

### VISION

Safety, health and well-being are inherent rights of every worker.

## Tackling Today's Safety Challenges

- Focus on What Matters
- Manage Workforce Changes and Safety Priorities
- Embrace OSH-Related Applications of AI
- Managing Cultural Shifts and Governance in Uncertain Times
- Empower Influential OSH Leaders in the Changing Workplace

7

7

## Inclusive Community

- Honor, respect, and celebrate diverse experiences, perspectives, and identities.
- Provide greater value to members and professionals in ASSP.

8

## Collaboration is Key

- Partnerships
- Amplifying Voice
  - Public Policy
  - Research
  - Education and Training
  - Products and Services

9

## Breaking Records

- Best attendance ever
- 650 vendor booths that covered nearly 120,000 square feet
- \$27,000 in Foundation donations
- 3,500 first-time attendees

10

## Don't Miss Out

- ASSP's 64th PDC set for July 22-24 in Orlando
- Industry-leading education, expo and networking
- Groups from the same company get discount
- Get all the details next year at [safety.assp.org](https://safety.assp.org)

11

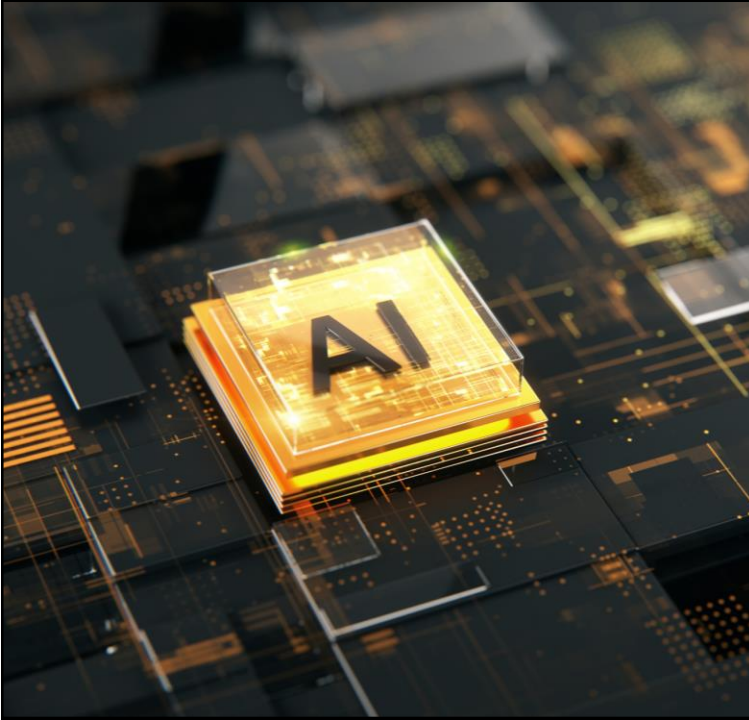

## Meeting Member Needs

- Model was restructured to add key benefits.
- Enrich your experiences through a greater sharing of resources and best practices on a global scale.
- Join common interest group and practice specialty communities at no added cost.
- Four common interest groups and 18 practice specialties.

12

## Defining AI's Role in Safety

- Position statement - trust, transparency, equity, privacy
- Tool for good, enhancing safety without conceding ethical standards
- Apply for AI Task Force by Dec. 9 on ASSP website

13

## Growing Your Career

- Build community
- Create educational resources
- Promote OSH as a rewarding career

Get more information at  
[assp.org/foundation](http://assp.org/foundation)

14

## SafetyFOCUS

- ASSP's second-largest education event now is presented twice a year.
- Immersive education experience with in-person and virtual courses in full-day formats on broad range of topics.
- SafetyFOCUS Winter 2025 takes place in-person Feb. 3-7 in Las Vegas.
- Get details at **[SafetyFOCUS.assp.org](https://SafetyFOCUS.assp.org)**.

15

16

## A10.50 Heat Stress Management Standard

- Heat stress can cause heat exhaustion and heat stroke, which can be fatal. Over 400 worker deaths from environmental heat exposure since 2011.
- In February, ASSP published first national voluntary consensus standard addressing heat stress for construction and demolition workers.
- Explains how to give workers proper rest, water breaks and shade while meeting business needs.
- Guidance can be adapted for any outdoor job.
